

## **XII Computer Science PROJECT WORK 2021-2022**

- Project Work is an essential part of CBSE XII Computer Science Curriculum.
- A group of 2/3 students will make a program on a topic related to our real world for this project.
- Use Python + MySQL connectivity or Python + Data File.
- Each member of the group will prepare documentation individually (colour/black-white).
- Each student will be ready with your project program (.py, sql queries, datafile) and documentation (in pdf) for online submission by end of this month.
- At the time of offline submission of the project the documentation (individual) must be submitted in PRINTOUT form (colour/black-white) within a channel file and programs (.py, sql, datafiles) in CD or Pendrive.

Documentation to be done as follows (each topic should be written from a new page)
